## **Willard Austin Wattles**

Professor of English at Rollins College

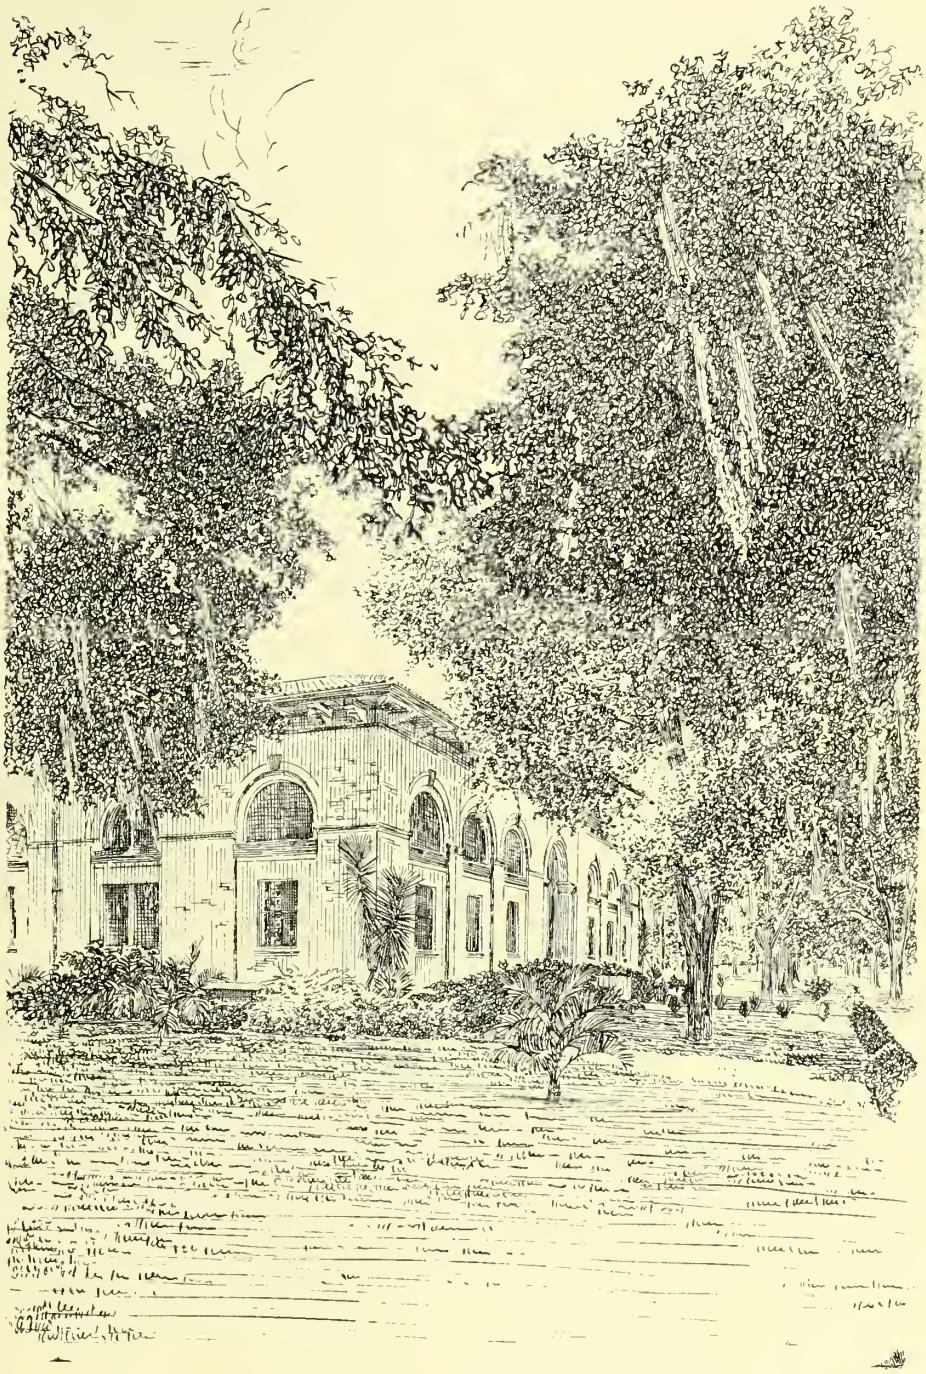

We, the Senior Class and the Tomokan Staff, dedicate this book. Mr. Wattles has shown the utmost interest in the Publications Union and encouraging criticism of all the publications. His unobtrusive and magnanimous assistance in all college activities has made him an integral part of the Rollins Campus. Mr. Wattles has conscientiously and wholeheartedly assisted in making the new plan at Rollins a success. His vivid personality and unbiased attitude have gained for him many friends on the campus among both faculty and students. His seriousness, blended with joviality has made him an interesting instructor and a lasting friend. Mr. Wattles' loyalty to all new enterprises on the campus for the improvement and advancement of Rollins has won for him the esteem of the entire college.

# LEARNING

PRESIDENT HAMILTON HOLT

THIS year I visited half a hundred of the great preparatory schools who coach students to pass the College Entrance Requirement Board examinations required by Harvard, Yale, Princeton, Massachusetts Institute of Technology, Vassar, Smith, Bryn Mawr, Wellesley, Mount Holyoke, etc. I asked all the headmasters what proportion of the questions the College Entrance Requirement Board asked were memory questions and what were thought questions. The consensus of opinion, virtually unanimous, was that, taking the examinations as a whole, about seventy-five percent were memory questions and twenty-five percent thought questions.

In other words, these institutions of learning, whose chief excuse for existence is to prepare students for life, regard what a student can remember as three times as important as how he can think. And as to how he will act, which is more important than either, there are no tests.

This raises the question as to what are the measures of success in life? Any man who succeeds must overcome innumerable obstacles and solve countless problems. They come in a never-ending series during his entire life. The first thing one does when confronted with a problem is to concentrate the mind on it. He scrutinizes, contemplates, weighs, compares, verifies, in fact, goes through all the mental processes that lead to truth. Suppose he goes through these processes and does not arrive at truth but at error? All successful men do that occasionally. But if he arrives at error many times he will be a failure. Suppose, however, he arrives at truth and stops there? Even then he will not be a successful man. He will be merely a dilettante. The successful man must not only think, he must act. But the minute a man begins to act, results follow, and when results follow, anyone can see those results. A man may have competitors or enemies, and they will try to thwart those results, and they will do it by any means, fair or foul. They may employ ridicule, sarcasm, ostracism. They may appeal to law, they may threaten jail. Thus, before anyone can succeed, he must think and think straight, which is mental, and act courageously, which is moral.

If a student has not learned to think straight and act courageously in school, then he must learn in college; if he has not learned in college, then he must learn in life; and if he does not learn in life, then he is doomed to work for somebody else and not for himself, and to hold fourth, fifth, or sixth rate jobs to the end of his days.

Has Rollins helped you to think straight and act courageously?

## The Graduating Class

**N**or long ago the train pulled in from the north on September 25, and to be exact it was in the year of our Lord nineteen hundred and thirty. Fresh and exuberant the Rats made their first appearance on campus. Before anything else they were first taught that life is not complete without at least three charge accounts. So college life began.

The football team started practice, and really practiced for two years until our freshmen became adept at holding and hurling a pigskin. Last year they were awarded by an undefeated season. Cloverleaf housed the young co-eds then as it does now, but the group seemed more lively and attractive, but we may be prejudiced. As for the men, they stayed in Chase with Fleet and his snakes.

The social life began with the annual "Y" Mixer. After they treated us royally they told us we had to come to Rat court. We hadn't done anything but they found things that warranted our being punished. But it was fun.

The largest freshman class was the reason that the bigger and better Beanery was built. Wings sprouted all over the Commons.

The first football game caused excitement to the northerners who had never seen a football game at night with mosquitoes.

The college grew and is still growing. Since our arrival the Walk of Fame has increased, The Annie Russell Theatre and the Knowles Memorial Chapel will long be remembered as two of the most needed edifices.

The freshman class with the assistance of Professor Roney established and made good our fencing team. So that now we have football, debating, and fencing as the traveling sportsmen who meet and defeat great men.

The class of '34 will be the last of the Old Plan students to graduate from Rollins College. As graduation approaches we feel we have accomplished and will retain the guidance and cooperation of the Rollins Faculty. We shall, perhaps a little regretfully, give up our places to those freshmen next year who will repeat our four year cycle of pleasure and work at Rollins.

## UPPER DIVISION

AFTER an apprenticeship served in the Lower Division, these students have been awarded the dignified title of Upper Division. This class will be the first Upper Division class to graduate from Rollins College without the title of "Senior", next year. The old order changeth giving place to the new. The Upper Division is only a step away from the last "board" and a jump away from a sheep skin.

## LOWER DIVISION

THE LOWER DIVISION is composed of first and second year students, generally, and it is in this division that students work to fulfill certain college requirements. When these have been accomplished it is necessary to pass the Board to the Upper Division before entering into the field of desired specialization. When the Lower Division student isn't in the library he is in the infirmary recuperating from nervous strain contemplating the appearance before the austere body known and feared as the Upper Division Board. It is in the Lower Division that the student becomes adjusted to the life of the college both socially and academically.

## SNAPSHOTS

THESE FEW PAGES are devoted to memories which we all wish to retain of our leisure time at Rollins: those week-ends when, for one and a half days we were allowed to find enjoyment at the beach, the lakeshore, and all the haunts which took us away from the grind of work. We have left only the pictures and reminiscences, but they will be enough for us to realize and appreciate the days when one week of work was easily digested by a week-end of play.

## MEN'S ATHLETICS

**A**THLETICS for everyone is the watchword of the Rollins sports program. Beginning with the football season with the stiffest kind of competition, Tar teams as a whole have enjoyed a successful year. Though the Rollins gridgers lost two games, they completed the most difficult schedule to date. During the Fall and Winter the Rollins fencers were undefeated in the south, and traveled on an extensive trip where they met the best colleges and universities in the north, including Princeton, Yale and Harvard. Baseball and Swimming, in the Spring, with the addition of several new ball tossers and mermen showed a great step forward in intercollegiate competition.

Intramural Basketball aroused so much enthusiasm that plans are on foot to reestablish it as a major sport. Tennis, Golf, Diamondball, Volleyball and Crew have rounded out an extensive sports program for the year.

Athletics at Rollins for the year 1933-1934 have provided the opportunity for everyone to develop his body as well as his mind.

## Varsity Football

**T**HE SEASON of 1933 for Rollins College was marked by the first defeat in two years when University of Miami, at Miami, Florida, defeated the Tars 18 to 0. Since the middle of the season of 1931, when Miami won 7-0, Rollins had been undefeated, and had won ten straight games before losing this year to the Hurricanes.

Rollins won six games and lost two this season, its other defeat coming in the last contest of the season when Cumberland University of Lebanon, Tenn., won 19 to 12.

In the S. I. A. A. Rollins won two games and lost one, defeating Newberry and Erskine. In its first three games this season the Tars were not scored on. High spots this year were the defeat of Newberry 12 to 0 and the defeat of Tampa University 19 to 7, the Tars having been given only an "outside" chance to win the latter struggle.

Counting this year's record, Rollins has lost only four games in the last four years as against twenty victories and four ties. Raymond H. Miller, Asheville, N. C., quarterback, Richard Washington, fullback from Cherokee, N. C., and Linton G. Malone of Palmetto, Fla., guard, were named by the Associated Press for honorable mention on the All-Star S. I. A. A. team this season. Other outstanding players were David A. Schrage, Oak Park, Ill., halfback and Thomas Powell, Asheville, N. C., an end. John W. McDowall, former North Carolina all-round athlete, put in his fifth year as coach at Rollins this year.

1934

Standing—Dick Alter, Jack Lichte, Bob Drake, Tommy Lawton, Carl Kettles, Dick Washington, Andy Carretta, Coach Evans  
 Sitting—Ralph Tourtellotte, Bernie Bralove, Jack Mobley, Soc Chakales, George Miller, Chick Prentice, Dannie Winant, Don Dunlop

## Varsity Baseball

THE ROLLINS NINE enjoyed a most successful season during the past year. Getting off to a rather slow start, the Tars rounded out the season with decisive victories over both Millsap College and Florida University. This year's team was strengthened by many new men, namely: Kettles, catcher; Mobley, pitcher; Prentice, third base, and Miller, second base. Prospects for next year are very bright as Coach Evans will lose only Washington, Tourtellotte, Stoddard, and Bralove from the lineup.

The baseball scores for this year were as follows:

Rollins	5	DeLand	1
Rollins	9	Millsaps	6
Rollins	0	DeLand	14
Rollins	2	Florida	15
Rollins	1	Florida	13
Rollins	15	Florida	5
Rollins	7	Florida	1

## Crew

**T**HIS YEAR the Rollins crew, coached by Dr. U. T. (Brad) Bradley, is anticipating a good season. Their races in Florida have been with Asheville, Indian River, and Tabor. They went to Marietta, Ohio, to race Marietta and Canisius, and to New York City to race Manhattan and Rutgers.

The squad includes John Thomas Patterson Cudmore, Captain, N. Y. C.; Horace Porter Abbott, Jr., Melrose, Mass.; "R" Brown, Beatrice, Neb.; Leonard Roth, Lakeland, Fla.; Joe Howell, Orlando, Fla.; Edwin Q. Jameson, N. Y. C.; Edward Rollins, Dover, N. H.; George Edwards, Orlando, Fla.; Olcott Deming, Danbury, Conn.; Benjamin Rowe, N. Y. C.; Jack Higley, Cleveland, Ohio; Sally Stearns, Boston, Mass.

1934

Coach Roney, Jonathian Hall, Ralph Gibbs, Chick Prentice  
Dave Bothe, Jack MacGaffin, Jack Klosterman, Olcott Deming, Louis Perry

## Fencing

**F**ENCING in its second year at Rollins took a long stride forward toward athletic honors and prominence during the fall and winter season of 1933-34. Unofficial champions of the southeast with two victories each over Georgia Tech., and the University of South Carolina, the Rollins team composed of Olcott Deming, Bryant Prentice, Jack MacGaffin, and David Bothe under Coach Roney invaded the north on a two weeks trip where they met Yale, Princeton, Harvard, New York University, Brown, M. I. T., and the University of Pennsylvania. Considering that the team consisted of first year men with the exception of David Bothe, it acquitted itself with honors against the best intercollegiate fencers in the country. While no victories were gained, the men increased greatly in experience and have return bouts already scheduled for next year. Also included in next year's plans are a fall trip through the south as far north as Virginia, and a winter trip to Cuba where the team will engage the fencers of the Havana Athletic Club.

Captain Jonathon Hall and David Bothe will be the only men to receive letter awards this year as one full year of service is required.

1934

Coach Trowbridge, Bob Robertson, Bernie Bralove, Hank Lauterback, Fred Schofield, Harry Edmunds, Charles Sealover, Paul Parker

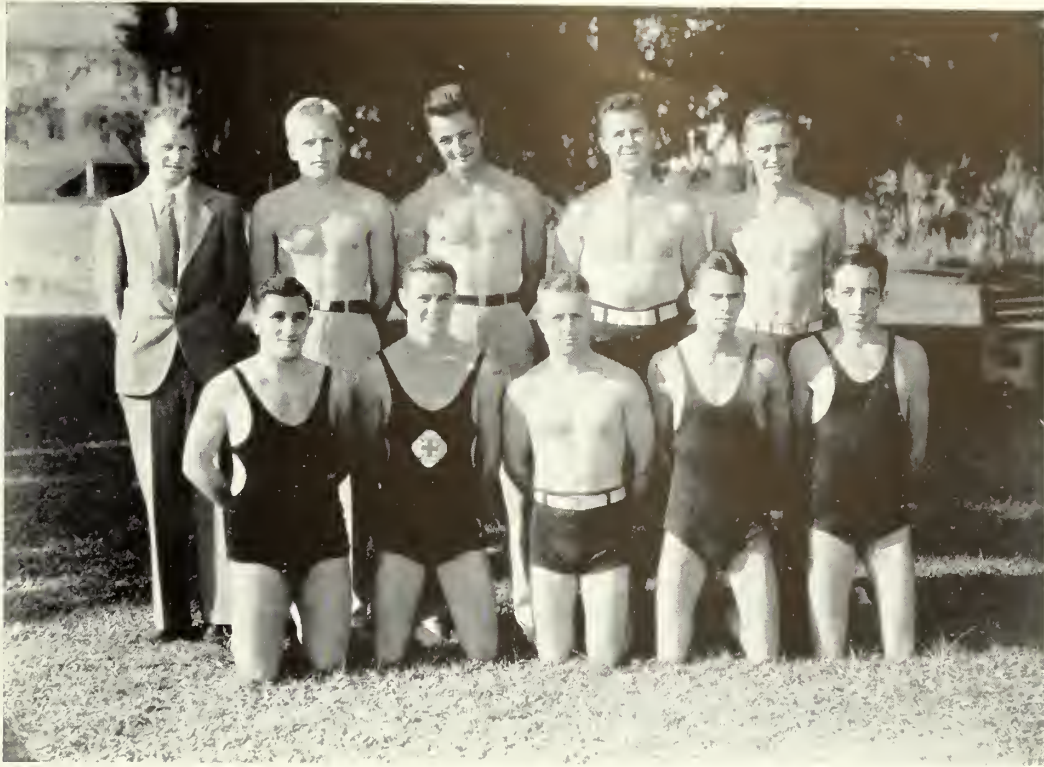

## Tennis

TENNIS is rapidly becoming one of the most popular sports on the Rollins Campus. Every year there is an increased number of qualified candidates for the team. This year the team itself has been fortunate in having a coach assigned it, in the person of A. Buel Trowbridge, experienced player and instructor.

Led by Captain Bob Robertson, veteran of past seasons, the Rollins Racquetters of 1933-34, completed the most successful season of recent years. The opening match registered a crushing defeat of the Clermont Athletic Club. Then followed an easy victory over the Stetson University squad. The third match of the season saw the Tar netters pitted against a strong University of Miami team, at Miami. The Tars were able to eke out a 4 to 3 win. In the next two matches the Rollins aggregation fell before two of the strongest teams in the South, first to the University of Florida, then to Davidson University. However, they retaliated by blasting out their second crushing defeat of Stetson, and ended the season with another loss to the University of Florida.

The team was composed of Hank Lauterback, number one player, and one who shows promise of becoming one of the best in the South. Captain Robertson, Ben Kuhns and Fred Schofield, the latter three veterans of past campaigns. Newcomers who played important roles and were consistent winners were Olcott Deming, Bryan Prentice, Harry Edmonds, Bernie Bralove, and Jim Myers.

## Swimming

WITH A QUARTER-MILE of lake front on the college campus, it is only natural that aquatics should play an important part in sports at Rollins. The Tar mermen enjoyed a successful season this year, the highlight of which was the defeat of the strong team from the University of Florida.

Outstanding swimmers on this years aggregation were Captain Bud Coleman, sensațional dash man, Bob Ench, breast stroke expert, and Johnnie Nichols, diving master and speed swimmer. Other members of the squad were: Paul Alter, Carl Goeller, Socrates Chakales, John Moore, Tom Powell, and Richard Shannon, with Francis Warren, Manager and Assistant Coach. Coach Fleetwood Peeples has high hopes for next years teams as only Captain Coleman will be lost to the squad. Johnnie Nichols, of Asheville, North Carolina, was elected captain for next year.

## INTRAMURALS

THE purpose of the intramural sports is to interest the various fraternities and men's dormitories in competing against each other in basketball, volleyball, golf, tennis, track, swimming, touch football and diamond-ball. Awards are presented to the winning teams each year at the last of the semi-annual Honors Day programs.

These sports excite great interest among the entire student body. Basketball, which has been one of the more attractive of the intramural program, may, as a result, of its popularity, become an intercollegiate sport next year.

## WOMEN'S ATHLETICS

CONTRARY to previous practice, every girl upon entering Rollins automatically becomes a member of the W. A. A. and is eligible to participate in tournaments held throughout the year. Women's athletics are of such a nature that at least one sport appeals to each girl. There are individual sports which include tennis, archery, fencing, golf, dancing, and hiking. Those who prefer team sports may take part in basketball, hockey, and volleyball, while swimming, diving and war-canoeing compose the water sports in Lake Virginia.

Intramural odd-even and class tournaments are carried on during the year in the different team sports. From the various teams one honorary team is chosen for each sport, the members of which are given awards. Various individual awards are also made. Winners of all awards are announced at a W. A. A. banquet at the end of each term and the awards are given out on the All-College Honors Day.

Miss Weber is the director of the Physical Education Department and is assisted by Miss Constance Wetherell. Professor Roney directs the fencing and Fleet Peebles cooperates in the water sports.

Ample opportunity is given to the students to participate in most of these sports during the entire year.

## ORGANIZATIONS

STUDENT Government at Rollins plays an important part in the college life. The members of the Student Council and the heads of the Student body are elected each year by the students by popular ballot, and work in close cooperation with the Administration to solve the various student problems that arise during the year.

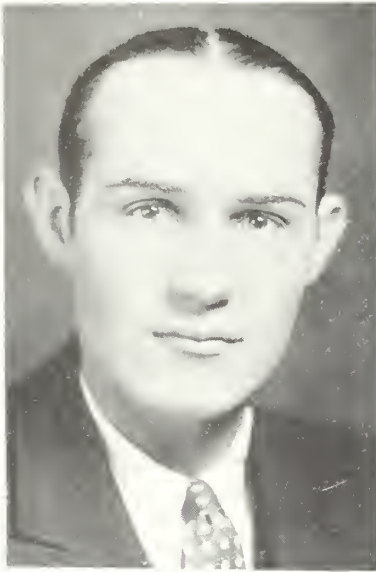

It is through the medium of the Press that students have the opportunity to give expression to their literary and journalistic talents. In the Publications, students may present their feelings of loyalty, sentiment, and criticism.

To those few who have been outstanding in some phase of activity on the campus, academic or extracurricular, the Honor Organizations are open as a recognition of leadership and ability.

For those interested in particular fields the various Clubs offer membership. These groups cover a great number of subjects from exploring the wilds of the Florida jungles, to studying the finer points of French society and the Spanish dance.

## The Student Association

ROLLINS has given three outstanding contributions to the field of collegiate education; the Conference plan, the Division system and the Unit-Cost plan. This year may prove to be a transition year in matters of Student Government as a fourth contribution by Rollins has been suggested along the line of Student Government.

There are two separate and distinct organizations handling the student affairs at Rollins, the Student Association and the Student Council. The Student Association is the source of all authority. It regularly elects the three presiding officers in the spring of each year. However, to expedite governmental affairs the Student Association vests its executive and judicial powers in the Student Council, a body of nine members including the president, vice-president and secretary of the Student Association, along with six student representatives, three elected from each division.

The Student Council controls the business affairs of the five departments of the Student Association namely: Men's Athletics, Women's Athletics, Publications Union, Debating and Glee Club. It allots a determined amount of association funds to the maintenance of each member.

## Student Council

THE STUDENT COUNCIL under the leadership of Thomas Johnson mirrored the progressive spirit of the entire Student Body. It abolished class officers substituting in their stead officers of the Upper and Lower Division along with a Freshman and Senior Committee to handle the business of their respective classes. To obtain extra funds for Men's Athletics the Student Council sponsored a sale of season football tickets which was successful. Desiring to control the automobile situation among the students, the Council has recommended a system of Student control of driving which will be inaugurated during the following academic year.

The Student Association also went on record as favoring the early establishment of a Student Union providing a place where the students can meet together on a social basis. A resolution was also passed which provided for the establishment of a nominal Social Fee which would do away with class dues and guarantee to the student's social functions sponsored and financed by the Student Association as all the various college dances were this year.

The Council also entertained visiting delegations from various colleges as well as arranging the trip to Miami which the students were privileged to make last fall.

## Student-Faculty Discipline Committee

**T**HE STUDENT-FACULTY DISCIPLINE COMMITTEE is composed of Dean Anderson, dean of the college; Dean Enyart, dean of men; Dean Sprague, dean of women; four members of the faculty and six students representatives who are nominated by a committee appointed by the Student Council.

The Committee, a somewhat independent organization strives to maintain a better understanding between the faculty and students. It also has charge of such cases which are brought before them for corrective measures. These cases they judge in a impartial purely unbiased manner, giving only the decisions that are fair and wise. They are organized to aid in assisting toward retaining the high standards of Rollins College. The Student-Faculty committee has been successful this year as well as in the past in aiding the students in their academic and social affairs. It appreciates the cooperation of the entire student body.

## Chapel Staff

THE CHAPEL STAFF, consisting of about ten undergraduate members, constitutes a group vitally interested in the affairs of the Chapel, and in making it a truly significant part of campus life. The staff, aided by Dean Campbell and Professor Trowbridge is the nucleus of a group of five committees, each of which has done notable work in its particular field throughout the past year.

The Program Committee has taken an active part in creating and arranging regular Sunday Morning Services, especially in the selection of speakers and subjects. At Thanksgiving and Christmas, generous gifts of money and food were secured by the Social Service Committee, five hundred and thirty-four dollars being raised at Christmas. Many benefits were derived through the efforts of this committee, not only in Winter Park, but on the campus as well. Ushering during the services has constituted the principle duty of the Committee bearing this name. The Publicity Committee has taken charge of disseminating all news concerned with Chapel events, and the Music Committee has been the salient factor in the selection of music for the services.

Altogether, the fifty students, affiliated with one or more of these Committees have done much to make the Chapel the guide and inspiration it has proved itself to be.

Professor Bradley, Dean Sprague, Dean Enyart, Katherine Ewing, Professor Pfister

## Social Committee

THE SOCIAL COMMITTEE of the College, represented by members of the Faculty and the Student Association, has complete control over all social events as they occur on the campus. The committee for its convenience has arranged a social calendar in order to avoid conflicts in the times and dates of social affairs. Other duties of the committee have consisted of setting the hours that girls are allowed "out" in the evenings, in determining the length of dances, in granting late permission wherever it sees fit, and in deciding the number of chaperones needed at dances, parties, and other mixed social events. In general it may be said to look after, in the interests of all, the social life of the college.

## Women's Athletic Association

THE WOMEN'S ATHLETIC ASSOCIATION at Rollins offers a wide range of activities, individual sports, seasonal team sports, aquatics, dancing, correctives, and sponsors humorous out-of-door activities. There is great enthusiasm among the girls for the various activities, and competition is keen in order to make the finally chosen teams. Any girl making three finally chosen teams with a combination of team and individual sports receives an "R". Any girl making six finally chosen teams receives a coveted blazer.

A blazer shall be given to those girls who have made six finally chosen teams; who have displayed the qualities of sportsmanship, dependability and cooperation at all times; to be voted on by faculty advisors and three members of the "R" Club, chosen by the faculty advisors. They must also have shown general interest and helpfulness in the activities of the Physical Education Department and in the promotion of the "R" Club.

Four blazers were awarded this year, to

## Inter-Fraternity Council

THE Inter-Fraternity Council has complete jurisdiction over any fraternal situation concerning inter-fraternity relations except in the case of matters not in accordance with the policies of the college. Its purpose is to govern all inter-fraternity relations, foster and promote good will among the fraternities, to preserve and further the ideals of Rollins College, and to sponsor the mutual interests of all fraternities on this campus. Two members are elected from each fraternity for a period of two consecutive years. Representatives this year are (in the order of founding) Theta Kappa Nu, Earl Beekman, Stuart Eaton; Kappa Alpha, Robert Barber, Robert Black; Kappa Phi Sigma, Jack Ott; Arthur Wellington; X Club, Bernard Bralove, George Hines; Delta Rho Gamma, Dick Washington, Stan Palmer; Rho Lambda Nu, Bob Fuchs, and Ben Fawcett. Five member fraternities are represented at this time due to the disbanding of Delta Rho Gamma, leaving two national and three local fraternities in membership.

This year a complete revision of the constitution was made and an administrative board of the Dean of the College, the Dean of Men, and the Treasurer of the College was created to have final jurisdiction and interpretation of the constitution at the request of the Council. Open rushing is to be held approximately three weeks at the beginning of the year whereupon each fraternity has an exclusive formal rush evening. The day following formal rush week is designated as pledge day at which time all bids are delivered to the dean of men to be delivered to all rushees. Forty-eight hours following pledge day open bidding and rushing is allowed for the remainder of the year.

Another feature of the new system is the immediate notification of all new pledges to the secretary of the Council and the Dean of Men including all fraternities in the case of initiations when the scholastic approval of the initiates has been secured. The Council also composed a less severe pledge training policy to be advocated by all fraternities in the future.

Officers for the year were: Jack Ott, Kappa Phi Sigma, President; Bernard Bralove, X Club, Vice-President; and Stuart Eaton, Theta Kappa Nu, Secretary-Treasurer.

On May tenth new officers for the year were elected as follows: George Hines, X Club, President; Stuart Eaton, Theta Kappa Nu, Vice-President; and Leonard Roth, Rho Lambda Nu, Secretary-Treasurer.

## The Panhellenic Council

THE PANHELLENIC COUNCIL is a group of representatives from the various sororities on campus, working together to produce group regulations and policies which are agreeable to all. The Council has charge of compiling the rushing rules and also helps to develop cooperation and goodwill among the sororities. Regular meetings are held once a month, and call-meetings may be held at the desire of any member.

During the past year there have been very few controversies between the groups, and a fine set of rushing rules have been worked out for the coming year.

Two girls from each sorority make up the Council, and the officers are chosen from among the members by rotation, in the order of their founding on campus. Following are the officers for the past year: Dorothy E. Smith, Chi Omega, President; Cornelia Barrows, Alpha Phi, Vice-President; Mary Lynn Rogers, Kappa Kappa Gamma, Secretary-Treasurer. The following officers have been elected for the coming year: Elfreda Winant, Alpha Phi, President; Sara Harbottle, Kappa Kappa Gamma, Vice-President; Annajeane Pendexter, Kappa Alpha Theta, Secretary-Treasurer.

## The Publications Union

THE PUBLICATIONS UNION, founded four years ago by a committee of faculty members and students of Rollins College, is composed of the editors, business managers, and faculty advisers of the various publications. It is the duty of this group to further the interest of the publications among the student body, to control the functions of the member publications, and to elect the editors and business managers of the *Sandspur*, the *Tomokan*, and the *Flamingo*. The following were members of the Publications Union during the college year, 1933-34:

Thomas Johnson, President; Betty Childs, Vice-President; Mr. E. T. Brown, Secretary; Janet Gibney, Victoria Bedford, Robert Black, Sally Limerick, Bucklin Moon, Milford J. Davis, David Bothe, Betty Trevor, Ben Kuhns, James Gowdy, Robert Stufflebeam, Reginald Clough, Dean Anderson, Mr. Clark and Professors Wattles, Harris and Grover.

## Sandspur

THE ROLLINS SANDSPUR, weekly newspaper of Rollins College has been in constant publication since the year 1894, when it was established with the following editorial, "Unassuming yet mighty, sharp and pointed, well rounded, yet many sided, assiduously tenacious, yet gritty and energetic as the name implies, victorious in single combat and therefore without a peer, wonderfully attractive and extensive in circulation, all these will be found upon investigation to be among the extraordinary qualities of the "Sandspur". "In its forty years of existence the Sandspur has stuck to these ideals with genuine tenacity. Each week it strives to present a clear concise record of the various student activities. Its sharp, clear editorials bring to light the true aspect of the various student controversies which come up during the year, and the world news is summarized each week in short cryptic sentences. The writing and editing of the paper is entirely in the hands of those students who are interested in journalism. This year, due to the increased number of students interested in the work, a larger and more complete paper has been published each week. On honors day Sandspur keys

were awarded to these members of the editorial board who had rendered outstanding service to the paper during their affiliation with the publication. James A. Gowdy has acted as editor of the Sandspur during the past year with Robert Stufflebeam as Business Manager. At a publications Union meeting in the middle of May Gordon Jones was elected Editor for the coming year.

## The Flamingo

THE ROLLINS FLAMINGO is devoted to a twofold purpose: first it should serve as a proving ground for all those of creative inclinations on this campus, and, second, it must hold interest and appeal for all its readers both students and outsiders. With these words the magazine representing literary achievements at Rollins, commenced its eighth year of publication. To say that the Flamingo has been a staggering success would be gross exaggeration. It would be, however, equally false to designate it a failure. The chief difficulty of the editors this year has been not a lack of suitable material, but rather the problem of choosing the best of the many manuscripts presented. Aided and abetted by a capable staff the Flamingo has enjoyed a year of quiet achievement, moderate success and hopeful advancement.

## The "R" Book

THE "R" book or Freshman "bible" is compiled each year to assist the incoming class to become better acquainted with Rollins. The book contains information concerning the faculty, student officers, the student council, fraternities, clubs, rating rules, college songs and yells, the football schedule, the college traditions, and many other subjects of interest to a new Rollins student.

This year, for the first time, the book has been recognized as a student publication and has been admitted to the Publications Union, the editor and business manager serving on the board.

For the first month of the college year each new student is required to carry the handbook, during which time he learns the songs, yells and other items pertaining to college life.

This year the "R" Book was edited by Victoria Bedford, with David Bothe as associate editor, and Betty Trevor as business manager.

## Omicron Delta Kappa

THE ALPHA IOTA CIRCLE of Omicron Delta Kappa was organized at Rollins in 1931. The purpose of the organization is to take an interest in all college activities. The membership includes men prominent in athletics, debating, publications and other campus activities.

The number of active members does not exceed more than 6% of the male students. Initiation, which is termed *tapping*, takes place twice a year at the semi-annual Honors Day programs in the presence of the entire student body. O. D. K. has been active in cooperating with the organizations and the administration in promoting the progress of Rollins.

## Rollins Key Society

THE ROLLINS KEY SOCIETY is an honorary organization established on the campus in 1928. Its membership is limited to thirty students in the Upper Division who, while in the Lower Division, have maintained a high scholarship and are active in campus activities. Members are elected in November and April each year by unanimous vote of the active members.

The purposes of the society are "to study, discuss, and strive to further the best interests of Rollins College, to encourage graduate work among Rollins students, and to seek to maintain scholarship and extra-curricular activities on a high plane."

The project for this year chosen by the society was to arouse campus interest in enlarging the college library. This was done by a three-day tag day, the proceeds of which went to buy a few of the many books demanded in the library. The society's social activity was a reception during Founder's Week for the Phi Beta Kappas of Florida, the contributors to the Animated Magazine, and those receiving honorary degrees.

The dues of the Key Society go toward a senior loan fund.

## Saint Andy

**S**T. ANDY, a plaque bearing the name and likeness of Andrew Carnegie, has become deep-rooted in the traditions of Rollins College. A constant contest is always carried on for the possession of this famous plaque. As a general rule it appears upon the campus once every year, and then there is a terrific rush for it. After the mele has subsided, St. Andy will be found to have disappeared as mysteriously as it came.

## Algernon Sidney Sullivan Medallion

**I**N 1925 the New York Southern Society, in order to perpetuate the memory of its esteemed founder, established the Algernon Sydney Sullivan Award. This award, which is a bronze medallion, is intended to "recognize and encourage in others those same principles of love for and service to man, which were his dominant characteristics."

Rollins College is one of fourteen Institutions chosen to bestow this award. It may be given each year to not more than one man and one woman of the graduating class and to one other person who is not a student at the College. In determining the recipients of the award, "nothing shall be considered except the possession of such characteristics of heart, mind and conduct as evince a spirit of love for and helpfulness toward other men and women."

The first Medallion was presented by Rollins College to Irving Bacheller, the novelist.

Dr. Newman, M. J. Davis, Maurice Dreicer, Sterling Olmsted, Professor Pierce

## Pi Kappa Delta

**P**I KAPPA DELTA has had a most successful year at Rollins, Clough, Robertson, Roth and Wirt, were the new student debater members of Pi Kappa Delta. Shattuck was made an oratory member. The new faculty members are Dr. Salstrom, Miss Ewing, and Dr. Fleischman. The old members now in college include Thomas Johnson, Bernard Bralove, Maurice Dreicer, Sterling Olmstead. The faculty members include Professor Pierce, Dean Anderson and Dr. Newman.

The National Convention was attended by the three Rollins delegates, Pierce, Shattuck, and Dreicer. Rollins defeated Connecticut State in debate, the New England Pi Kappa Delta champions. Johnson and Dreicer composed the team. Shattuck was the only southern representative to place in the National final at Lexington. Bralove and Dreicer are the only Pi Kappa Delta members who have spoken twice over an NBC hook-up.

In short Rollins has made an excellent Pi Kappa Delta record in oratory, debate, and above all, in general good-will. The Rollins coach, H. R. Pierce was used as a special judge at Lexington, and judged the final debate.

## Pi Gamma Mu

**P**I GAMMA MU, a National Social Science Honor Society was installed in the Spring term of 1932 at Rollins. Its aims are to further interest in the Social Sciences and to indicate a scientific attitude towards all social problems. Membership is open to students in the Upper Division who are majoring in a social science, and have obtained a high scholastic standing in their College work. It is the publisher of a quarterly magazine "Social Science" which deals with all forms of social problems and is available to all members of the 140 chapters of the Society.

The officers for this year have been Thomas Johnson as president, Howard Benjamin Fawcett as Vice-President, and Dr. Arthur P. Enyart as Secretary. Meetings have been held at the homes of various professors of Social Science and such topics as International Banking, and the Gold Standard have been discussed by the Faculty and the student members.

## Phi Beta

**P**HI BETA, a National Honorary fraternity, was founded May 5, 1912, at Northwestern University. The founders of the fraternity were Gladys Burnside Sereissguth, Elsie Schultz Thedaker, and Josephine Mack Mac'Future. The intrinsic aim of Phi Beta is to teach its members to lead a life of service, and to seek the development of the highest type of womanhood.

Theta chapter of Phi Beta was installed on the Rollins campus in 1923 and rapidly became one of the most popular groups as well as a strong and influential one. It is an honor to be accepted into the membership of this group. The organization performs services for Rollins, one of the most worthy being to furnish music and dramatic talent in the Dramatic Productions in the Annie Russell Theatre. There are three forms of affiliations with Phi Beta: actives, honoraries, and patrons and patronesses. Miss Annie Russell is a Patroness of the Theta chapter.

Officers for 1934 are: President, Virginia Shrigley; Vice President, Helen Welch; Secretary, Virginia Orebaugh; Treasurer, Celestina McKay, Chapter Herald, Dorothy Smith.

## The "R" Club

**T**HROUGH the Student Association, each year the athletic department bestows letters and emblems to those men who have served on varsity teams. The "R" Club is composed of all men who have received their letter in a varsity sport.

The foremost interest of the club is in sponsoring activity and interest in all forms of athletics. Feeling that a well-rounded college life must of necessity include participation in both organized and unorganized athletics, the "R" club promotes interest among the students in the establishment of the two types of sports that Rollins deems essential to the well being of its students. They are interested in team sports which can be participated in while the student is in college, and the development of an individual sport that can be indulged in when college days are over, and team play can not be easily organized.

This year, the "R" Club sponsors the Annual Football banquet, and have enthusiastically supported all intercollegiate as well as intramural sports, leading the way with their enthusiasm, and creed, "to play the game for the sake of the game."

## The "R" Girls

THE "R" CLUB is comprised of those girls who have made three finally chosen teams. Of these teams, one must be individual, one team sport, and one optional. To be an "R" girl, one must display qualities of sportsmanship, dependability, and cooperation, at all times. She must have shown general interest in helpfulness in activities of physical education department, and in the promotion of the work of the "R" Club. The difficulty of obtaining an "R" makes them all the more desirable.

The next ambition of the girls after becoming an "R" girl is to work for the blazer. To be awarded a blazer, the girl must have made six finally chosen teams.

Besides the "R", the Physical Education Department offers emblems, appropriate for each sport, to members of the Odd or Even team in sports such as basketball and field hockey, and cups to individual champions of swimming, diving, tennis and golf.

### Rollins Players of 1933-34

THE DRAMATIC ART DEPARTMENT sponsors both curricular and extra-curricular activities in play production. In the Laboratory Theatre Program every student enrolled in the courses in Acting and Dramatic Production, is given an opportunity to participate in plays presented before private audiences in Recreation Hall. Here the aim is the development of the individual student, and the invited audience cooperates with systematic attention and helpful criticism.

The extra-curricular program is centered in the Student Company Series in the Annie Russell Theatre. The aim is to present plays of distinction in a thoroughly finished manner. The best talent is sought from the whole student body, and the casts are selected by a system of competitive try-outs. Students trained in the Department in regular courses of instruction are given no favors, but often their training is the factor that wins them a place.

At the end of each season elections are made to the honorary Student Company for the year on the basis of distinguished achievement in acting, or in a technical department of production.

## The Glee Club

A CONCERT in Mt. Dora and a two-night presentation of the "Mikado" by Gilbert and Sullivan marked the highlights of the Rollins College Glee Club activities during the year '33-'34.

Officers for the past year who so capably filled their positions and left the organization on an even better standing than it was when they took over charge were: Milford Davis, president; Mona Graessle, vice-president; and Stuart Eaton, treasurer.

The Rollins College Glee Club is actually composed of three separate groups—the men's, women's and mixed glee clubs. It is open to all students interested in singing and gives them a fine opportunity to enlarge their cultural viewpoint, make friendships with other people interested in music, and improve their voices in tone quality and range.

Try-outs for membership are held at the beginning of each scholastic year under the direction of Mr. Christopher O. Honaas. Plans for next year include several out-of-town concerts and the presentation of "The Pirates of Penzance", following the Gilbert and Sullivan tradition.

## A Capella Choir

THE ACTIVITIES of the A Capella Choir, which was organized in 1932, were continued during the past year under its new director, Christopher O. Honaas. This season's programs have shown a steady progress culminating in the presentation of Bach's anthem for two choruses, "Blessing, Glory and Wisdom," at the baccalaureate service. Mr. Honaas hopes to augment the choir's repertoire of important religious music during the coming year. Palestrina, Dvorak, Bach, Brahms, Beethoven and other great masters were represented during the chapel services this season.

As a result of the steady improvement in the choir's work, Mr. Honaas has mentioned the possibility of an extended trip through the North next year. The choir performances this season have consisted of the weekly chapel services and a number of special programs.

Bernard Bralove, Maurice Dreicer, Professor Pierce, Thomas Johnson

## Rollins Debate Team

**R**OLLINS has closed its most successful debate year. Forty-five schools have been debated. The three big home debates were with Cambridge, Yale, and Swarthmore. On tour Rollins met the British Student League over the NBC, Yale, Hamilton, Colgate, New York University, University of Penn., Sarah Lawrence, and other schools.

The Rollins team composed of Dreicer and Bralove, went to New York City for the NBC debate, and the team of Dreicer and Johnson took the eastern tour. The group consisting of Clough, Robertson, Wirt, and Roth proved themselves capable of handling many local debates. Through graduation Dreicer, Johnson, and Bralove will be lost. However, the coach, H. R. Pierce will unquestionably run true to form and have splendid forensic talent to represent Rollins next year.

In the past four years Rollins has had over two hundred debates, traveled over fifteen thousand miles, and debated over twenty-four radio stations. Truly it may be said debating holds an important place at Rollins.

## Rollins Studio Club

**F**OR THE PAST TWO YEARS the Studio Club has been organized to admit all students interested in any line of art. The activities this year have been, for the most part, concerned with exhibits and social events.

During the past year members of the club have acted as hosts to the applicants for art scholarships and to visiting artists. Several students received Allied Art Awards for oil painting, sculpture, charcoal work and interior decoration. Other members were honored by having examples of their work in the Florida Exhibit at the World's Fair.

## The Oratorical Association

THE ORATORICAL ASSOCIATION originated in 1929 for the purpose of creating interest in debating and speaking and to give its members the privilege and practice of speaking before an audience. New members for Pi Kappa Delta, the national forensic fraternity on the Rollins College Campus, are usually chosen from its membership.

The first meeting of the Oratorical Association was held in the Speech Studio at the beginning of the fall term and was devoted to the election of officers. Those chosen for the year 1933 and 34 were: for president, Reginald T. Clough; vice president, Sterling Olmstead; secretary, Janet Gibney.

Weekly meetings were held on every Tuesday night at 7:30. An hour's program of recitations, readings, debates and speeches was presented each week by the members of the association for the pleasure and benefit of the other members and for the visitors.

## Le Cercle Francais

**T**HE FRENCH CLUB of Rollins is composed of students and faculty members interested in furthering the study of the French language, its history and arts. The Club has been a member of the FEDERATION DE FRANÇAISES AUX ETATS ET AU CANADA for several years.

The most interesting projects which the club assisted in planning were the third annual exercises commemorating the French in Florida. Participating in the Rollins program were Count Rene de Chambrun, M. Pierre de Lanux of Paris and numerous out of town guests. The members of the French club were also the hosts of the evening reception entertaining the visiting delegates from the various Florida French Clubs. Gordon Spence was President of the club.

## El Circulo Espanol

**T**HE AIM of the Circulo Espanol of Rollins is to create an interest in the literature, arts and history of Spain by promoting an interest in Florida history and the neighboring Spanish-speaking countries.

The Rollins Spanish Club is affiliated with the INSTITUTO DE LAS ESPANAS, and participates with active interest in the Cervantes theme contest, Jane LeRoy was the Rollins winner for 1934.

The Club this year entertained the Florida delegates to the Cervantes celebration on April 22. The members of the Club were hosts at a large Spanish breakfast and a delightful Merienda and cooperated with the entertainment committee at the Annie Russell Theatre.

The Spanish Club is sponsored by Senora Antonia Gonzales Lamb. Helen Lamb was president of the Club this year.

## The German Club

THE GERMAN CLUB was organized for the enjoyment of those students having an interest in the language, customs and people of Germany. The students meet at the home of Dr. Feuerstein, who advises the group at all times.

This year, the club members have initiated a new type of program; that of creating improvisations of German characters and situations. The dominant purpose of the Club is to increase the student's conversational ability and at the same time increase their knowledge of the language.

Although the membership of the club is drawn mostly from the German classes new students are urged to visit and join the club.

## The Explorers Club

**W**HILE the explorers club has been rather handicapped during the last year or so for lack of funds, they are looking forward to a pleasant season during the coming summer and fall in field trips in Africa, the Yukon, and central Nebraska. These intrepid lads are well known on the campus for their perspicacity and sagacity.

## The College Commons Club

**T**HE COLLEGE COMMONS, commonly known as the Beanery, presents a Ball every year to afford amusement for the Rollins undergraduates. The Beanery Ball is a grand event and is given at the end of each year in order to bring the students together in a social manner. The Committee, pictured above, arranges for the dance which is held in the Beanery. The president of the Organization is Raymond Miller who is ably assisted by John Bills.

## FRATERNITIES

THE age old fraternal organizations have six representatives at Rollins College; Kappa Alpha and Theta Kappa Nu are the two national fraternities. In the winter term Kappa Phi Sigma and Delta Rho Gamma merged. The other fraternities are X Club and Rho Lambda Nu.

The fraternities have added a spirit of mental and moral as well as physical competition, since they enter students in all activities. These competitions between the organizations for the coveted positions in campus affairs add to the interest of the college life. The fraternities, who each year initiated new men to their organizations, further the desire for the highest ideal and scholastic standing.

## SORORITIES

**R**OLLINS College has seven National Panhellenic Sororities. They stand for good scholarship, whole hearted cooperation and maintain fine social standards. Their chapter activities are guided by their alumnae, "who stand for an active sympathetic interest" in the life of the undergraduate sisters. The Panhellenic creed by which all national sororities are led contains the purpose and advantages of the sororities.— We, the fraternity officers, stand for loyal and earnest work for the realization of these fraternity standards. Cooperation for the maintenance of fraternity life in harmony with its best possibilities is the ideal that shall guide our fraternity activities.

The fraternity women of America, stand for preparation for service through character building inspired in the close contact and deep friendship of fraternity life. To us, fraternity life is not the enjoyment of special privileges but an opportunity to prepare for wide and wise human service.
